Subject Index to Volume 28

A

Abciximab, aspirin, and ticlopidine, emergency coronary artery bypass grafting (CABG) after failed coronary artery intervention – caution regarding the combined use of, 463

Abiotrophia adiacens (nutritionally variant streptococcus) infection, vertebral osteomyelitis and discitis associated with, 663

Acute ischaemic syndromes, low molecular weight heparins in, 555

Acute ischaemic syndromes and the rationale for the Hirulog/Early Reperfusion Occlusion (HERO 2) Study, hirudin (desirudin) and Hirulog (bivalirudin) in, 551

Acute myeloid leukaemia (AML) in Australia since 1980, progress in management of,: a single institution retrospective study, 190

Acute myocardial infarction, intervention with PTCA and CABG following thrombolysis for,: Australian data from GUSTO 1 (1991-3) and International Study Group r-TPA-Streptokinase Mortality (1989) trials, 533

Acute myocardial infarction (AMI), heparin management in, 541

Acute myocardial infarction in a 24-year-old man using anabolic androgenic steroids, intracoronary stenting for, (Letter), 838

Acute oedematous pancreatitis, haemolytic uraemic syndrome with, (Letter), 69

Acute promyelocytic leukaemia treated with all-trans retinoic acid, central nervous system relapse in, 462

Acute rheumatic fever (ARF) in non-Aboriginal patients in the Northern Territory, 63

Acute stroke, early management and outcome of, in Auckland (Letter), 221
Reply, 221

ADH secretion, relapse of central nervous system Burkitt's lymphoma presenting as Guillain-Barré syndrome and syndrome of inappropriate, 223

All-trans retinoic acid, central nervous system relapse in acute promyelocytic leukaemia treated with, 462

Alteplase (r-TPA), can we improve on front-loaded?, 511

Alteplase (r-TPA) *vs* streptokinase, 514

Alzheimer's disease: the advent of effective therapy, 765

Aminoglutethimide, pulmonary eosinophilia associated with, 670

Ammonium tetrathiomolybdate therapy for Wilson's disease, cytopenias secondary to copper depletion complicating, (Letter), 215

Anabolic androgenic steroids, intracoronary stenting for acute myocardial infarction in a 24-year-old man using, 838

Anaesthesia in normal individuals, tenoxicam does not alter renal function during, 772

Aneurysm, ruptured internal mammary artery, presenting as massive spontaneous haemothorax in a patient with Ehlers-Danlos syndrome, 210

Angioplasty, percutaneous transluminal, the use of, for the treatment of extracranial atherosclerotic vascular disease, – The Australian Association of Neurologists (AAN), 654

Angioplasty, percutaneous transluminal coronary (PTCA), without on-site surgical facilities, 165

Angioplasty, primary, *vs* thrombolysis debate, 529

Antimicrobial resistance and *Helicobacter pylori*: impacts on current and future therapies (Editorial), 3

Anti-neutrophil cytoplasmic antibodies, dilated cardiomyopathy associated with, 217

Antiplatelet, new agents, 558

Aortic regurgitation and a normal ESR, giant cell arteritis (GCA) presenting with severe, 70

Aortoenteric fistula, primary, 471

Apical hypertrophic cardiomyopathy (AHCM), difficulties in the diagnosis of, 204

Arteritis, giant cell, presenting with severe aortic regurgitation and a normal ESR, 70

Asians, characteristics and prognosis of KI-1 positive anaplastic large cell lymphoma in, 790

Aspergillus endocarditis, very rapid echocardiographic appearance of, (Letter), 60

Aspirin, ticlopidine and abciximab, emergency coronary artery bypass grafting (CABG) after failed coronary artery intervention – caution regarding the combined use of, 463

Atorvastatin alone *versus* simvastatin ± cholestyramine, comparison of, in the management of severe primary hypercholesterolaemia (The Six Cities Study), 327

Auckland, early management and outcome of acute stroke in, (Letter), 221

Auckland Hospital, 1988-1996, diabetic ketoacidosis in adults at, 604

Australian and New Zealand Journal of Medicine 1997 (Editorial), 1

Australian Association of Neurologists (AAN), The, – the use of percutaneous transluminal angioplasty (PTA) for the treatment of extracranial atherosclerotic vascular disease, 654

Australian dyspeptic patients, prevalence and demographic determinants of metronidazole resistance by *Helicobacter pylori* in a large cosmopolitan cohort of, 633

Australian encephalitis in the Northern Territory: clinical and epidemiological features, 1987-1996, 590

Australian Medicines Handbook, the, – striking a balance in drug information (Letter), 675

B

B cell lymphoma, calcitriol mediated hypercalcaemia in a T cell rich, 479

Bacterial endocarditis, recurrent subacute, as a presentation of left atrial myxoma, 350

Biochemical markers, detection of reperfusion after thrombolytic therapy by the analysis of released, 565

Blood, successful resolution of severe graft *versus* host disease after liver transplantation correlating with disappearance of donor DNA from the peripheral, 830

Bone density measurement, precision of (Letter), 220

Bone marrow transplant patient, intramural duodenal haematoma following endoscopic biopsy in a, 843

\Bowel disease, inflammatory, treatment of steroid refractory, with mycophenolate mofetil (MMF), 344

Bowel disease, oral cyclosporin in refractory inflammatory, 179

Bowel disease, renal dysfunction and the treatment of inflammatory,: a case for monitoring, 346

Bowel disease, video push enteroscopy in the investigation of small,: defining clinical indications and outcomes, 198

Breast abscess related to gardening injury, *Saksenaea vasiformis*, 845

Breast cancer, inflammatory,: enhanced local control with hyperfractionated radiotherapy and infusional vincristine, ifosfamide and epirubicin, 400

Burkitt's lymphoma presenting as Guillain-Barre syndrome and syndrome of inappropriate ADH secretion, relapse of central nervous system, 223

C

CABG following thrombolysis for acute myocardial infarction, intervention with PTCA and,: Australian data from GUSTO 1 (1991-3) and International Study Group r-TPA-Streptokinase Mortality (1989) trials, 533

Calcitriol in osteoporosis – is it used safely?, 348

Calcitriol mediated hypercalcaemia in a T cell rich B cell lymphoma, 479

Calcium, rediscovering ionised, (Editorial), 155

Calcium and intact PTH in 60 patients with proven primary hyperparathyroidism, high prevalence of normal total,: a challenge to current diagnostic criteria, 173

Cancer, inflammatory breast,: enhanced local control with hyperfractionated radiotherapy and infusional vincristine, ifosfamide and epirubicin, 400

Cancer, *KRAS* codon 12 mutations in Australian non-small cell lung, 184

Cancer, lung, and quality of life, 397

Cancer, neoadjuvant chemotherapy in locally advanced cervical,: two randomised studies, 387

Cancer, phase II trial of ifosfamide and cisplatinum in advanced ovarian, 403
Cancer, skull metastases masquerading as cerebral secondaries in patients with, 62
Cancer, spread of influenza A virus infection in hospitalised patients with, 475
Cancer, the role of ifosfamide in paediatric, 410
Carcinoma, management of germ cell,: state of the art, 391
Cardiomyopathy, apical hypertrophic, difficulties in the diagnosis of, 204
Cardiomyopathy, dilated, associated with anti-neutrophil cytoplasmic antibodies, 217
Catheterisation for plasmapheresis, infections associated with central venous, (Letter), 835
Reply, 835
Central nervous system Burkitt's lymphoma presenting as Guillain-Barre syndrome and syndrome of inappropriate ADH secretion, relapse of, 223
Central nervous system relapse in acute promyelocytic leukaemia treated with all-trans retinoic acid, 462
CEOP in the treatment of HIV related non-Hodgkin's lymphoma (NHL), long term follow-up of, 28
Cephalic tetanus, 672
Cerebral secondaries in patients with cancer, skull metastases masquerading as, 62
Cervical cancer, neoadjuvant chemotherapy in locally advanced,: two randomised studies, 387
Changes and chances (Editorial), 415
Chemotherapy, neoadjuvant, in locally advanced cervical cancer: two randomised studies, 387
Cholestyramine ± simvastatin, *versus* atorvastatin alone, comparison of, in the management of severe primary hypercholesterolaemia (The Six Cities Study), 327
Chorea, the causes of sporadic and 'senile', 429
Chronic meningococcaemia, 833
Chronic obstructive pulmonary disease (COPD), the effects of nebulised isotonic saline and terbutaline on breathlessness in severe, 322
Chylothorax from radiation-induced mediastinal fibrosis, 667
Cisplatinum and ifosfamide, phase II trial of, in advanced ovarian cancer, 403
Clinical trials to clinical practice and outcomes, issues in extrapolating from, 574
Cloning of the *HFE* gene, diagnosis and management after the,: haemochromatosis, 159
Coagulation factor concentrates in patients undergoing surgery, continuous and intermittent infusion of,: a single centre Australian experience, 440
Commercial detailing techniques used by pharmaceutical representatives to influence prescribing, 306
Comorbidities and prediction of length of hospital stay, 811
Computer based package on electrocardiography, evaluation of a, 432
Concord Hospital, staphylococcal bacteraemia: the hospital or the home?: a review of *Staphylococcus aureus* bacteraemia, in 1993 at, 23
Congestive cardiac failure (CCF) as a cause of fatal stroke and all cause death, 799
Copper depletion complicating ammonium tetrathiomolybdate therapy for Wilson's disease, cytopenias secondary to, 215
Coronary angiography, evaluation of radiation dose and risk to the patient from, 597
Coronary angioplasty, percutaneous transluminal (PTCA), without on-site surgical facilities, 165
Coronary artery bypass grafting (CABG), emergency, after failed coronary artery intervention – caution regarding the combined use of aspirin, ticlopidine and abciximab, 463
Coronary artery intervention – caution regarding the combined use of aspirin, ticlopidine and abciximab, emergency coronary artery bypass grafting (CABG) after failed, 463
Coronary interventions, surgical standby for, (Editorial), 153
Coronary Reperfusion (Supplement), 504
CPR orders, implementation of guidelines for, no-, 67
Reply, 67
Cyclosporin, oral, in refractory inflammatory bowel disease, 179
Cytopenias secondary to copper depletion complicating ammonium tetrathiomolybdate therapy for Wilson's disease (Letter), 215
Cytoplasmic antibodies, dilated cardiomyopathy associated with anti-neutrophil, 217

D
Diabetes, insulin requiring, as a manifestation of Munchausen's syndrome, 72
Diabetes after heart attack, management of patients with,: a population-based study of 1982 patients from a heart disease register, 334
Diabetes and hyperglycaemia among patients with myocardial infarction in a multiethnic population, 207
Diabetes mellitus, Early rapid onset lipohypertrophy in a patient with Type 1, 467
Diabetic ketoacidosis in adults at Auckland Hospital, 1988-1996, 604
Diabetic patients with no visual complaint, high prevalence of retinopathy among Type 2, 459
Dilated cardiomyopathy associated with anti-neutrophil cytoplasmic antibodies, 217
Discitis associated with *Abiotrophia adiacens* (nutritionally variant streptococcus) infection, vertebral osteomyelitis and, 663
District general hospital, a model for the,: the medical emergency team (MET):, 795
DNA from the peripheral blood, successful resolution of severe graft *versus* host disease after liver transplantation correlating with disappearance of donor, 830
Down syndrome patient, thrombophilia in a young, 669
Drug information, striking a balance in, – the *Australian Medicines Handbook* (Letter), 675
Duodenal ulcer population, low prevalence of *Helicobacter pylori* in an Australian,: NSAIDitis or the effect of ten years of *H. pylori* treatment? (Letter), 345
Duodenal ulceration, and *Helicobacter pylori* infection (Letter), 662
Dyslipidaemia, postprandial, in a nutshell: food for thought, 816
Dyspeptic patients, prevalence and demographic determinants of metronidazole resistance by *Helicobacter pylori* in a large cosmopolitan cohort of Australian, 633
Dysphagia, hoarseness and a collapse, 485
Dyspnoea, recurrent pyrexia, and cough, with hydroxyurea, 347

E
Echocardiographic appearance of *Aspergillus* endocarditis, very rapid, (Letter), 60
Effusion, management of malignant pleurai, 394
Ehlers-Danlos syndrome, ruptured internal mammary artery aneurysm presenting as massive spontaneous haemothorax in a patient with, 210
Elderly patients with osteoarthritis, NSAIDs and faecal blood loss in,: is plasma half-life relevant?, 436
Elderly woman, deliberate self-poisoning with eucalyptus oil in an, 58
Electrocardiography, evaluation of a computer based package on, 432
Emergency coronary artery bypass grafting (CABG) after failed coronary artery intervention – caution regarding the combined use of aspirin, ticlopidine and abciximab, 463
Encephalitis in the Northern Territory, Australian,: clinical and epidemiological features, 1987-1996, 590
Endocarditis, recurrent subacute bacterial, as a presentation of left atrial myxoma (Letter), 350
Endocarditis, very rapid echocardiographic appearance of *Aspergillus*, (Letter), 60
Endoscopic biopsy in a bone marrow transplant patient, intramural duodenal haematoma following, 843
Enteroscopy, video push, in the investigation of small bowel disease: defining clinical indications and outcomes, 198
Eosinophilia, pulmonary, associated with aminoglutethimide, 670
